Town Warrant.

[L. s.] THE STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town of Epping, in the County of Rockingham, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House, in said town, on Tuesday, the ninth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.
3. To see what sums of money the town will vote to raise and appropriate for the support of the Public Library.
4. To see what sums of money the town will vote to raise and appropriate to defray Decoration Day expenses.
5. To see if the town will vote to raise and appropriate the amount of money necessary to secure state aid for the permanent improvement of highways under the law of 1905.
6. To see if the town will vote to raise and appropriate the sum of sixty dollars (\$60) to pay for repairs on the town clock.
7. To see if the town will vote to expend two hundred dollars (\$200) of the highway money for the current year on the road at East Epping leading from Tilton's bridge to Hedding depot.
8. To see if the town will vote to make a contract with the Newmarket Light and Power company to light the streets and Town Hall with electricity.
9. To see if the town will vote to purchase a steam road roller.
10. To see if the town will vote to increase the license fees for the sale of intoxicating liquors as provided by law.
11. To see if the town will vote to rescind the vote passed by the town March 14th, 1899, "To raise the sum of one hun-

dred dollars (\$100) for a Judge of a Police Court, to establish a police court."

12. To see if the town will vote to authorize the Selectmen to sell the old fire engine, the "Medford."

13. To see if the town will vote to authorize the Selectmen to sell the acre of land owned by the town, in Brentwood.

Given under our hands and seal this twentieth day of February, in the year of our Lord nineteen hundred and nine.

Auditors' Report.

We, the undersigned, Auditors of the town of Epping, have examined the accounts of the Selectmen, Town Treasurer, Treasurer of School District, Treasurer of Public Library and Police Justice, and find them correctly cast and properly vouched. We have also examined the books and accounts of the Tax Collectors for the years 1907 and 1908, and find them correctly cast and that each of them has squared his books and paid over to the Town Treasurer all money in his hands. We have examined the books of William H. Tilton, Tax Collector for the years 1902, 1903, 1904 and 1905, and find that he now has in his hands in money and uncollected taxes the following amounts: 1902 tax, \$174.85; 1903 tax, \$199.73; 1904 tax, \$213.41; 1905 tax, \$230.38, making a total of \$818.37.

JENNÈSS S. SMITH, *School Treasurer.*

REPORT OF SCHOOL BOARD.

At a meeting of the School Board, held February 24, 1909, it was voted to accept the report of the Superintendent of Schools, and to adopt it as the report of the Board.

FRED P. KNOX,
WILLIAM S. MASON,
A. W. MITCHELL,

School Board.

Report of the Superintendent of Schools.

TO THE SCHOOL BOARD OF THE TOWN OF EPPING:

Pursuant to your requirement I submit this report, it being my third annual report as Superintendent of Schools:

SCHOOL CALENDAR, 1908-09.

Fall term, September 8 to December 18, 15 weeks.

Winter term, January 4 to February 20, 8 weeks.

Spring term, March 22, to June 18, 13 weeks.

For the information of our citizens I show the sources of the various sums which make up the school money, and a summary of expenditures by departments.

FINANCES.

Permit me to call attention to some discrepancies in the settlement of the Selectmen with the District Treasurer.

The amount required by law to be raised for school purposes is \$2,287.50; under this head the Treasurer has received \$2,205, leaving a deficit still due, \$82.50. The records of the District Clerk show that the district made additional appropriations, for High school, \$500; for common schools, \$500; the Treasurer has received \$400 of each of these appropriations.

In addition to these deficiencies there is due the School Board from the town \$96.72, which has been paid from the school money for text books and supplies, in excess of the \$600 appropriated for this purpose.

Since the close of the fiscal year the income from the Watson fund has been received, amounting to \$150, so that the Treasurer should have had on hand at the close of the fiscal year \$569.60, instead of \$30.38, a sum sufficient to pay all outstanding obligations, which may be recapitulated as follows:

In treasury	\$30 38
Watson fund.....	150 00

Due from town:

For books and supplies	96 72
Amount required by law	82 50
Appropriation for High school	100 00
Common schools	100 00

\$569 60

Comparison of the attendance statistics for the last statistical year with those of previous years, will be of interest:

	1906	1907	1908
Average attendance	108	127	135
Average absence	15	19	13
Average membership	123	146	148
Per cent. daily	87.8	86.98	91.2
Number tardiness.....	1009	517	344
Pupils not absent or tardy.....	8	3	5

The above figures show a gain each year over the preceding in membership and attendance, with a reduction in absences and tardinesses.

This improved condition is due to the faithful and persistent efforts of the teachers to inculcate correct ideas of the value of regularity and punctuality. I congratulate them upon the success achieved. The records of the current year show that their efforts have been continued with a success even more noteworthy. Pupils are coming to look upon absence as an interruption to be excused only by necessity, rather than by mere convenience, and tardiness with some of our teachers has been almost eliminated.

ROLL OF HONOR.

The following pupils were not absent or tardy during the school year ending July 15, 1908:

High.—D. Watson Ladd, Alice E. Ladd.

Grammar.—Albert C. Buswell, Jr., Chester Underhill.

Primary.—Emily Brown.

TEACHERS.

The current school year opened in September, 1908, with the same teachers in charge as during the previous year, with the single exception of the school at West Epping, where Miss Marietta Sides decided not to be a candidate. Miss N. Cathalyn Vickery was chosen as her successor; Miss Vickery tendered her resignation at the close of the Fall term, which was accepted by the Board, and Miss M. Isabelle Wade was elected to fill the vacancy. During the

Christmas vacation Miss Elsie M. Carter asked to be released in order that she might accept a position in Winchendon, Mass. Her request having been granted, Miss Hazel M. Andrews was placed in charge of the primary school as Miss Carter's successor.

It gives me pleasure to state that, in my judgment, the work of our teachers is characterized by faithfulness and efficiency.

SCHOOL-HOUSES.

The condition of the buildings has been much improved during the year just closed. The good work should be continued. A special appropriation like that of last year, judiciously expended, would put the school-houses and grounds in reasonably good condition.

I specify some of the most pressing demands:

At West Epping new furniture is needed for the convenience and comfort of pupils and teacher; a suitable book closet for the care and preservation of books and supplies would in the end prove a means of true economy.

In the primary building the worn-out blackboards should be renewed. The steps at the entrances should be reset in such a manner as to make the school-rooms more easy of access, seventeen inches being too great a rise for children to clamber up every day of the school year. The yard, a veritable quagmire in the spring of the year, would be greatly improved by a few loads of coarse gravel.

CONVEYANCE OF CHILDREN.

Section 1, chapter 92, of the public statutes of New Hampshire, authorizes the School Board to expend twenty-five per cent. of the school money for conveyance of children to and from school.

This is permissive only; the desirability or expediency of furnishing conveyance is left entirely to the discretion of the Board. This is so frequently misunderstood by parents that it seems proper to discuss the provisions of the law in a report intended to reach the citizens of the town.

1. There is no distance limit for which conveyance may or may not be furnished. The School Board is the court of last resort in

the matter. It may establish a distance limit, or it may consider conditions affecting individual cases, as age or health of child, character of roads, season of year. From the decision of the Board there is no appeal. The district itself has no power in the matter, as the Board is subject to the state laws and not to direction by popular vote.

The Supreme Court, however, has given a decision, *State vs. Hall*, that, in case conveyance is not provided, the Board may not require attendance of children living an "unreasonable distance" from the school. By inference, a distance over two miles would be considered "unreasonable."

2. It is frequently contended that it is the duty of the Board to require the conveyance to take the children from their home door to the school-house door. What has been said under the previous head disposes of the *legality* of this claim. It would seem that the absurdity of it would be evident to any candid citizen. The law makes it the duty of the School Board to make conditions of attendance equal for all children of the district, so far as practicable. It is manifestly not practicable to make distance conditions absolutely equal. In village as well as on the farm, families live at unequal distances from school-houses, and the School Board is not responsible.

It seems evident that it is entirely proper to require children to walk a reasonable distance to meet the conveyance, when convenience of the others demands.

3. The term "district" is much misunderstood. This, perhaps, is natural on the part of people who remember the former district system. Many of these people forget that the old districts were merged into one town district for the express purpose of equalizing conditions throughout the town,—to give the farmer's children as good schools, and as much schooling as the village children. They should realize that the requirement of the School Board, "to establish and maintain schools at such times and places as will give to all children of the district equal school privileges as far as practicable," refers to the entire town district, and to all the children of the town.

Having discussed the law, I proceed to our administration of it.

The children are conveyed to the graded schools of the village from five sections formerly constituting districts, viz., Prescott Road, Watchic, Hedding, North River, and Red Oak Hill, by George E. Stevens, Samuel D. Pratt, and William W. Woods.

These gentlemen agree to provide teams, vehicles, drivers, and equipment satisfactory to the School Board; they guarantee to deliver the children at the school-houses not later than *five minutes* before the time prescribed for the opening of the morning session, and to leave said school-houses not later than fifteen minutes after the close of the afternoon session; they agree that the driver shall use no profane or obscene language while engaged in the performance of their contracts, nor shall they apply any improper epithets to the children under their charge, and that improper language or conduct by any child shall be promptly reported by the driver to such child's teacher or to the Superintendent.

As the children are in charge of an employe of the School Board from the time they leave home for school, a tardiness caused by the fault or misfortune of the driver is not recorded against the children, on the ground that the Board is responsible for the acts of its agents. Moreover, the teachers in each building remain alternately during the noon hour in full charge of the children who lunch there.

The teachers are under instruction to make a memorandum of cases of late arrival of the barges. The record from September 1, 1908, to February 12, 1909, twenty-one weeks, containing one hundred one (101) school days, shows the number of violations of the agreement as to time of arrival to be as follows:

Mr. Pratt, 0.

Mr. Stevens, 3.

Mr. Woods, 21.

An occasional tardiness of a driver is excusable, and would not call for even a comment; but late arrival one-fifth of the time demands decisive action.

I renew my suggestion of one year ago that a penalty for violation should be inserted in all contracts for conveyance.

SCHOOL SAVINGS BANK.

The system of school savings, in operation since the fall of 1906, has been continued with results at date (Feb. 15, 1909), as follows:

Primary	19	\$31 30
Intermediate	18	116 01
Grammar	18	132 31
High.....	12	120 80
	<hr/>	<hr/>
Total	67	\$400 42

CONCLUSION.

I take leave to express to your Board my appreciation of the confidence you have placed in me, and through you to acknowledge the steadfast loyalty and hearty co-operation of the teachers in all efforts to raise the standard and increase the efficiency of the schools of the town.

Respectfully submitted,

CHANNING FOLSOM, *Superintendent of Schools.*
